SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

The following Form 1449 and copies of each cited document is being filed herewith as a Supplemental Information Disclosure Statement submitted for the Examiner's consideration. Consideration of each of these documents by the Patent Examiner, and the making of each of them of record in the file of this application, are respectfully requested.

In a Third Supplemental Disclosure Statement, filed July 28, 1995, a complete (35 pages of text and Figures 1-8) copy of Australian patent application no. 22536/83 of Kevin John Burke, published under no. A557,723, was filed. However, it was referenced on the form PTO 1449 only as an "AU Patent Abridgement," the caption of a one-page abstract that was also filed with the complete patent application. Consideration of the full patent application, and the making it of record, are respectfully requested.

I hereby certify that no item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application or, to the knowledge of the person signing the certification after making reasonable inquiry, was known to any individual designated in §1.56(c) more than three months prior to the filing of this statement.

Respectfully submitted,

Dated: October 6, 1995
